INTRODUCTION.

This book is a collection of openers and routines that you can use until you build comfort to strike natural conversation. I highly recommend that you use canned routines and openers sparingly.

My advice is to come up with your own material using principles from these examples. This way you will eliminate the risk of getting caught for using a line that women have already heard. You will also eliminate the risk saying things that are not congruent with your identity.

I have made every effort to keep the content as original as possible. There is some content online that is similar to examples in this book. I have given due credit to the originators when possible. Most of the content was created by me, my clients or belonged to public domain.

You should choose the material that fits your personality then modify it by adding content from your real life. This way everything you will say will be personal to you. You will then be able to say things with sincerity and display right emotions.

My intention with this book is to educate you about the principles that we apply at different stages of conversation while interacting with women.

There was a time I used to make use of the content in this book. I realized long time back that striking natural conversation is a simpler way of seducing women.

This was also the time when I realized that content plays a small role in generating attraction. T.E.A.S.E (Tonality, Eye Contact, Animation, Sexual Escalation And Energy) is what's responsible for making a woman experience attraction for you.

I spend a good portion of time in my workshops fixing the T.E.A.S.E. for individual clients. I restrict my workshops to 4 clients and 2 instructors so I can focus on individual clients. As a consequence my clients enjoy a very high rate of success.

The videos that come with this course focuses to educate you on the delivery of content and non-verbals of Interaction. It does not explain the T.E.A.S.E model but you definitely get to see the application of T.E.A.S.E. in every demonstration. This is enough to master the art of conversation.

Thank you for taking a chance on me! I am confident that these training lessons will revolutionize your dating life.

Best Wishes,

Magic

OPENERS

Openers are a short sentences, stories or questions that you use to initiate a conversation with women or mixed groups. Here are few opener types that you can use to strike a conversation with women:

DIRECT OPENERS

These openers where reveal your intentions to the women upon approaching.

An example of direct opener: *“Hi. I saw you and just had to come talk to you.”*

You reveal your interest in women right away by using this type of openers. This is a very bold way of approaching and has high risk-rewards associated with it. Since you put it out there, she has to accept it or reject it. Don't let it bother you if she makes an excuse. Continue with attraction material.

Direct openers are well suited if you are looking for a quick lay or when you meet a woman who happens to be in a rush.

EXAMPLES:

Hi. I saw you and had to come talk to you.

Offer your hand for a handshake

She responds

You: Let me guess, you work for a circus. Right?

From here you can use any transition of your choice from this book.

.....

Hi I saw you and had to get to know you.

Offer your hand for a handshake

She responds

I am Travis. What's your name?

.....

Make eye contact then walk up to a woman and say, "No one can look at me this way and not introduce."

She responds

Hi, I am Travis. Or You are gorgeous and go for the kiss.

If you have been looking back and forth at each other then walk up to the woman and say, "If we will keep looking at each other we might as well introduce. Hi I am Magic. (Offer your hand for a handshake)"

Then use any transition of your choice

.....

You are gorgeous! Hi I am Magic

She responds

Nice! What do you do? Wait don't answer that. I am very good at this game. Pause for a second and continue saying, "You are a unicyclist instructor at the local circus." Am I good or what? Ok seriously I will ask you three questions. Answer them honestly and I will reveal things about you that no one ever told you.

Then ask three questions. (Refer to transitions for more information)

I love your style/dress. Hi I am Magic.

She responds

Who is the designer? Turn her around and check the tag on the back of her shirt.

Transition

I love your hair. (Touch her hair while you say that)

She responds.

Now don't get a big head because I gave you a compliment. I still need to make sure you are not a Facebook stalker before we exchange info. I need references from two of your ex boyfriends. If you have a kitten I need to interview her to make sure you don't take photos of

her while she is undressed. If you pass these two tests there might be hope for us.

Then laugh and introduce yourself.

INDIRECT OPENERS

Indirect openers are the opposite of direct openers. You use them to initiate conversation as a social animal.

By using indirect opener you aren't giving up your intentions right away. This does not mean that women do not see your intention. It just means there is no pressure on anyone. Indirect openers provide opportunity to gauge each other without giving your game.

Indirect openers, if delivered effectively, virtually *guarantee* you some time with the girl.

An example of an indirect opener: “*Do you think girls should get boob jobs?*”

If you open a set with more than one person make sure to address everyone in the group.

EXAMPLES:

BALLET GIRL OPENER (INSPIRED FROM BRAD P'S HORSE GIRL OPENER)

Look at the woman with suspicious looks as if you know her from before then say, "Do you like Ballet? Did you go to The College of New Jersey?"

She responds

I used to go to college of New Jersey. There was this girl in my class. She used to wear ballet clothes EVERY SINGLE DAY. And I used to make fun of her EVERY SINGLE DAY. And you look just like her. So I asked if you went to The College Of New Jersey.

She laughs and responds.

It's cool. If I were you I won't admit it myself. Here is the thing. You see during those days I used to be a bully. I used to make fun of everyone. Now that I have matured I feel bad about what I did. So I just wanted to say I am sorry. Will you please forgive me?

(Go for the hug when you ask for forgiveness)

.....

PICK UP ARTIST OPENER

Have you guys seen the show “Pick-up Artist” on VH1? Do you really think it works?

She responds

A female friend of mine thinks it will work on most women. I am not sure about that. What do you think?

.....

EYELINER/GUYLINER OPENER

Girls! What do you think of guys who wear eyeliners/guyliners?

She responds

A friend of mine who is an upcoming musician looks like the lead singer of Green Day Band. He is touring this summer. As part of his costume I think he should wear eyeliner.

But one of my female friend thinks eyeliner only draws women under 18. What do you guys think?

Or: Do you like the way the lead singer in Green Day wears eyeliner?

Or: Do you find men with dark eyes sexy?

(Next transition: What is your type?)

.....

GREEN DAY OPENER

Do you think the lead singer of Green Day is sexy?

Same as above

.....

SUGAR MAMA OPENER

I am looking for a sugar mama. Who is the wealthiest among you?

They respond

You see my kitten and I became homeless few weeks back. I am an easygoing person and love to sleep under the stars but lately we have been facing a huge problem.

Since we became homeless every male cat is trying to take advantage of her. Male cats are always trying to buy her drinks and offer rides. Disgustingly sometimes they even start sniffing and smelling her without even saying a hello. We are surrounded by drunken cats that are flaunting their tales waiting for an opportunity to find her alone and pounce on her. Typical male behavior you know.

I realize that since I am the older and slutty one in the relationship I need to be responsible and protect her.

.....

So in order to protect my cat's dignity I am willing to offer my sex services. The only condition is you have to be rich and have a big house. You should be able to feed us three times a day, take us on exotic vacations twice a year and be able to provide for health insurance. Oh and we definitely need 2 days off every month. I am not a machine. I can only have so much sex.

So which one of you is the lucky woman who gets to take us home tonight?

.....

GAY OPENER

How do you guys tell if a guy is gay or not?

They respond

You see there is this liquor store near my house. Every time I go there the sales clerk gives me these nasty looks. He keeps inquiring about my relationship status.

I used to date this woman and he told me she is not good enough for me. Who does that?

Now I can't say for sure but I have a feeling he is gay. That is why I am wondering how women find out if someone is gay.

Later you can even add:

You guys need to come with me and tell me for sure. You are like my Ghostbusters squad. You will put on your special suits, take your special gadgets and detect whether he is gay or not. If confirmed you will lock him in the gay trap and transport him into the "Ecto Containment"(This is what they called the environment where kept ghosts in the movie).

So what do you guys charge for your service?

.....

CHARLIE SHEEN OPENER

Hey what do you think of Charlie Sheen?

She Responds

Would you ever date him/someone like him?

She responds

Why or why not

She responds

So what is your type?

.....

CHARLIE SHEEN OPENER 2

How much money will you charge Charlie Sheen to work as a baby sitter for his kids and have sex with him? (Fact: He posted an ad on craigslist seeking porn stars to babysit his kids)

She responds

How much money will you charge me? Or cool here my address.

You can start tomorrow.

.....

FRIENDS SONG OPENER

Hey guys do you remember the name of the band that gave the title song “I’ll be there for you” for the Friends TV show.

She responds

You like the show?

She responds

If you could be one character from the show who would you be?
I’d be Joey. I love his horny and silly character. Reminds me of the guy I see in mirror five times a day.

.....

THAT 70'S SHOW OPENER

Who do you girls think is the sexiest male character from “That 70’s Show” and why?

She responds

Will you marry him?

She responds

Will you marry me?

If she says no

What if I become Hyde or whoever she picked.

.....

HI OPENERS.

Hi in my opinion is the best opener in the world. I usually open women with hi and get into conversation. In my opinion it feels more natural when you just say hello and talk to people. I personally believe simpler the opener the more confident you appear. But that is just a personal opinion.

Here are few examples:

- Hey What's Up
- What's Going On Guys
- Hi Magic (Hand Shake)
- Hey
- What's up mate

The transitions for these openers are usually situational or similar to direct openers. Pick any response from direct openers and apply here. It will work. I gave you enough examples for the direct openers so I will skip this section to avoid repetition. You will see couple examples for these openers in the transition section.

FUNNY OPENERS

The purpose of funny openers is to start conversation on a lighter note. You use these openers with high energy. The idea is to start bantering, have fun and get to know each other. Funny openers work really well in parties.

HERE ARE SOME EXAMPLES:

NOT DATING ANYMORE OPENER/NO SEX FOR A WEEK:

This opener usually gives everyone a laugh. The idea is to do a role reversal and act like a woman who is hurt by her boyfriend.
We are so not dating any more...and then accuse them of something.

That's it no sex for you for one week! I spent all day cleaning the house, doing laundry, cooking a romantic meal and you ditch me to come here. You are so selfish. You just want me for sex. I am hurt and so no sex for you for a week. Don't even think about coming over tonight.

She Responds

If you agree to skip golf this weekend maybe I can forgive you.

.....

YOU LOOK LIKE MY WIFE OPENER

You look like my wife.

Then pause and say, “Wait a minute honey is that you?”

She responds

I swear I was about to leave for home. Peter forced me to have a drink but one drink is all I was going to have. Hey but if we are both here who is taking care of the kids?

.....

COMPLIMENT OPENER

Can you take genuine compliments?

She responds

Good me too. You go first.

.....

STICKING OUT TONGUE

Walk up to a woman, make eye contact and stick out your tongue.

Usually she will start laughing or ask what

Gently pull her hair and call her “Dork”.

.....

KEEP ME OPENER

If I followed you home, would you keep me?

Yes

Hug Her

No

Then give me your credit card so I can get a room.

.....

JAMES BOND OPENER

Walk up to a woman. Raise your eyebrows and say, “Bond...James Bond”.

Say it how James Bond would say.

She responds

Your place or mine?

.....

DON'T YOU KNOW ME OPENER

Don't you know me from somewhere?

She responds

Wow I must have really left an impression for you to remember me.

Or wow I must have really hurt you to say such a mean thing.

.....

STD OPENER

Good News! The test results are negative. I only have Herpes but no flu.

She responds

Thank God we can get back to having unprotected sex.

.....

CAT OPENER

I have a cat and she would love to meet you.

She responds

How is tomorrow evening?

.....

DOMESTICATE YOU OPENER

Hi can I domesticate you?

She responds

Well there are certain conditions. You will have to shower everyday, be nice, no shedding and absolutely no nudity.

.....

KINO OPENERS

These openers are designed to initiate touching upon approaching women. This is the fastest way to get a woman used to your touching.

EXAMPLES:

TOUCHING HAIR TO OPEN

Touch a woman's hair and say, "I Love your hair".

She responds

Hi, I am Magic...Introduce yourself.

.....

TOUCHING FINGER RING TO OPEN

Look at a woman's ring like it caught your attention. Then say, "I Love your ring".

Another way:

Look at her ring and say, "That is my ring. Oh my God. Just cause I slept with you does not give you the right to start using my things.

We are still not officially dating. Give it back to me."

She responds

Start looking at her pendant and earring and say, “What else did you steal.” If you went with the first version then look at her pendant and earring and say, “What else can I steal?”

.....

DRESS OPENER

Walk up to a woman and say, “Love your dress”.

She responds

Who is the designer?”

Then turn her around and read the tag on the back of her shirt as if you really want to know the name of the designer.

.....

PENDANT FOR KITTEN OPENER

Walk up to a woman. Take her pendant in your hand and say, “I

Love your pendant. I think it will look great on my kitten.”

She responds

What time are you leaving? I would like to rob you

.....

HI FIVE/FIST BUMP OPENER

Walk up to a woman and Hi Five/Fist Bump.

Follow up with introduction or a reason for high five/Fist Bump.

.....

THUMB WAR OPENER

Make eye contact and say, “I dare you to thumb war.” Then extend your hand for thumb war.

.....

DANCE OPENER

Walk up to a woman and offer your hand. Give her a twirl when she takes your hand.

Follow up with a question/compliment/routine or keep dancing.

.....

MISCHIEF OPENERS

These openers are similar to funny openers except this time the intention is to tease women.

EXAMPLES:

STICKING TONGUE OUT

Walk up to a woman and keep looking into her eyes with a smile on your face. It is almost as if you discovered her secret.

Wait until she says or gives some reaction.

Then stick your tongue.

.....

SEXY CREDIT CARD THIEF OPENER

Walk up to a woman and say, “Where is my credit card. My card company called and said a sexy woman with short blonde hair (mention her hair type) with blue eyes (the color of her eyes) purchased an xyz dress (describe what she is wearing).” They told me to look for her here.”

You can continue to play.

“I can’t believe you did this to me. Here I was planning to take you to my parents this weekend and marry you. But you chose a sexy little dress over me. Why did you do this?”

Continue to tease every so often during your conversation by giving her the looks and calling her, “Sexy Credit Card Thief”.

.....

UNSUSPECTING TOPLESS KITTEN OPENER

Please stop calling my kitten. She does not want to see you anymore. And she wants her photos back the ones you took when she was topless.

She responds

How long have you been doing this for?

Her: What?

Taking photos of unsuspecting topless kittens.

.....

SEXUAL OPENERS

These openers are very similar to direct openers. The intention here is to get sexual as soon as possible.

EXAMPLES:

YOU ARE GOING HOME WITH ME TONIGHT OPENER

Walk up to a woman. Look her in the eyes and hold her hand if possible then say, “You are going home with me tonight.”

If they continue to hold your gaze and show no negative sign go for the kiss. If they hesitate or resist then step back, smile and continue to talk.

.....

I WANT/NEED YOU OPENER

Same as before, walk up to a woman, look her in the eyes and hold her hands if possible. Then say, “I want you.”

Don't fill the silence. Stay quiet. Keep looking in her eyes with a smile until she says something.

.....

I CAN SEE YOUR BRA OPENER

Sometimes I will walk up to a woman fix her dress, step back and say, “Your bra was showing.” Was that an accident or you just trying to get my attention? Or say, “Nice try but you will need to do more to get in my pants.”

.....

STOP GIVING ME THOSE LOOKS OPENER

Walk up to a woman and say, “stop giving me those looks. I am getting turned on. I like you too but let’s go easy.”

She responds

I just said stop looking at me like that.

Then pull her towards you

.....

BIGGER BREASTS OPENER

Walk up to a woman and say, “Just for the record, my breasts are bigger than yours.”

She responds

Usually it will spark a competition between the two of you at this point. Once in a while if she just laughs or stays quiet say, “By the way my clitoral hood is bigger than yours as well.”

.....

MORE THAN SEX OPENER

You can also accuse woman on sexual themes. Walk up to a woman and say, “Stop stalking me. Just because I am good in bed does not mean you should follow me everywhere. I know all you want from me is sex but I am not a piece of meat. I have feelings too. At least buy me a drink before you make me have sex again.”

Then hold her hand and start walking towards the bar.

.....

YOU CHECKED ME OUT OPENER

Walk up to a woman and say, “Oh my God you totally checked me out.”

She responds

Ok fine you can check me out one more time and then we talk.

Start talking

.....

TRANSITIONS

Transitions are sets of routines that you use to follow up your opener.

Depending on your original opener and the response you get from women you will either throw another line or start delivering a routine.

Finishing the opener or leading conversation related to it is the most appropriate transition. Depending on the situation though, you can introduce yourself, tell a story, ask question or play games.

OPENER FOLLOW UP:

In this case all we are trying to do is make a follow up statement with reference to our opener to continue the conversation.

Opener: Just saw you had to get to know you.

She responds

Transition: Hi, I am Magic.

.....

Opener: Who do you girls think is the sexiest male character from “That 70’s Show” and why?

She responds

Transition: I knew you would like him. You are so predictable. You just like him because he is good looking. Oh my God what am I going to do with you?

.....

Opener: Hey what's up guys?

Transition: Hi! I am Magic. What's that you drinking?

She responds

You: Well not everyone has a good taste.

.....
Opener: Bond...James Bond

Transition: Your place or mine? Seriously, you watch bond movies?

Her: yes

You: Finally a woman with good taste. Why is it that women hate bond movies?

Her: No I don't like Bond movies.

You: Thank you I do not understand the hype behind Bond movies. I mean they are ok but not that great. Let me guess you are "Drop Dead Fred" kinda girl.

.....

STORY TRANSITIONS:

Here we need to launch into a story or skit right after the opener. The idea is to deliver a story and make her like us. Share a story that has attraction elements in it which raises your value in the eyes of women. In the examples below I have highlighted the values I am trying to demonstrate in red color.

Opener: I love your hair

Her: Thank you!

Transition: Where do you get your hair done? (Just bait) I should introduce you to this friend of mine who is an amazing hair stylist. (Demonstrating that I have cool friends) I found this guy few years back. I have tried many hair stylists but no one is half as good as him. In fact he even teaches classes for Vidal Sassoon Academy and L'Oreal. (My friends are not ordinary) Few weeks back he did a hair show and invited me (I do fun activities and my friends do things with me). My God you should have seen his work. With your hair he would have definitely casted you (Starting to flirt and also a bait). Have you any experience with modeling? (Getting her to engage)

.....

Opener: I dare you to thumb war

After you guys are done with the thumb wrestling...

Transition: I loved that mate, was pretty cool. I can tell you are a very spontaneous person. Nice! I am all about doing things as you go.

(Suggesting I am spontaneous and setting frame for her at the same time.)

This is bit embarrassing but I sometimes get carried away and do things which are fun but make no sense. (By putting my self down I am making my self more believable. I am also differentiating myself from other men by suggesting I am bit more out there than most men.) Last month a friend of mine calls me at 3pm in the afternoon and asks me to go scuba diving with her to the Channel Islands. (My friends invite me to do cool things. I have exciting friends and lifestyle) Her boyfriend fell sick and could not go. She desperately needed a partner because she had paid for space on the boat. (I become more believable because I am admitting this woman already had a boyfriend instead of bragging that women chase me.) I agree to go with her. (Proves I am spontaneous.) We both forgot to discuss one important aspect that I have never done scuba diving in my life. (I am bit reckless.) Oh my God you have no idea what happened when were on the boat...

I will finish my story and say something like, “Yup I know I am bit silly I went scuba diving when I did not have any experience in it. My friend assumed I already knew it else why would I agree to go. But what’s the point of living if you do everything rationally. (This accomplishes two things. First, I convey I am adventurous and open minded as opposed to boring play by the book men. Second, it sets up a frame for the woman as well to act spontaneous and reckless or she won’t be cool.) Anyway, since that day I have a policy never to assume anything about anyone. I am so paranoid now that every time I go on a date I make sure to ask if the woman is straight hahaha...Remember never to assume”.

Then I will point to her and ask, “you straight”?

She will reply

In a suspicious tone I will proceed to ask her, “So you will have sex with me when we date? I don’t want to buy you dinner, flowers, elephants, camels and cows only to find out you are asexual.”

.....

GAME TRANSITIONS:

This time we want to get to play games as soon as we are done with our opener.

Opener: I am looking for a sugar mama. Who is the wealthiest among you?

(She responds)

Transition: I knew you were the wealthiest. Now I have to trick you into gambling your wealth to me. Let's play a game. I will guess three things about you and then you guess three things about me. We cannot say obvious things like you are Indian or you have an accent. The loser buys winner a diet coke. See I am already on my way to scoring your wealth. I'll go first...

.....

Opener: You are gorgeous! Hi I am Magic

(She responds)

Transition: You from LA (or whatever city you are in)? Wait don't answer that. Let me guess. I am going to guess three things about you that very few people know. If I guess it right you are buying me a diet coke. Don't worry I will be fair. You also get a chance to guess three things about me. So here it is...

.....

COLD READ TRANSITIONS:

This time we want to start predicting things about her (Cold Read) after opening.

Opener: Do you think the lead singer of Green Day is sexy?

(She Responds)

You: Hmmm interesting. Your answer tells a lot about you. Tell me if I am wrong but I have a feeling you are someone who:

1. Loves her life. You play safe because you want to enjoy your life. Not that you can't be adventurous. (You can even say the opposite or whatever).
2. Are traditional
3. And a little brat...Ok for real. You are someone who believes in family values.

Then give an explanation as to how you concluded this. Make it uplifting and highlight something positive about her.

Transition continued: I could tell that about you from looking at your eyes. Your eyes were wide open when you responded. Studies show that people who respond to the topic of music with wide eyes are usually pleasure seeking. They are the people who enjoy life. When you talked about Green Day your eyes widened so I could tell you are one of those.

You can also steer this in different direction. After you make predictions say, “Glad to meet someone cute with family values. It is fading away these days. So how many kids will we have? Oh and make sure they get your nose.”

.....
Opener: Just saw you. Had to get to know you. Hi I am Magic.

(She responds)

You: So what do you do? Wait don't answer. Let me guess. If I guess it right you will buy me a diet coke.

Then check her out from top to bottom. Address her features out loud before making a prediction. Say something like, “Hmmm what will a cute brunette with long hair, short skirt and sexy body do. Oh I got it. You are a lion tamer at the local circus”.

Then point to her friend and say, “And you are a unicyclist instructor at the same circus. Am I good or whaaaat?”

You can now make predictions or throw another game by saying, “Ummm I am having some trouble predicting. You are too mysterious. Ok I am going to ask you three questions. You have to answer with honesty. Then I will be able to predict what you do.”

Ask any questions. What is your favorite genre of music? Where do you shop? Or ask about anything else you want.

Now make the predictions. My guess is you do XYZ.

.....

QUESTIONS TO ASK A WOMAN:

Here is a list of questions you can ask women. These questions are not the boring talk every man makes. These questions are guaranteed to strike a simulating conversation. You can ask these having normal conversation or when playing games.

These questions are a mixed bag. Some of them are funny. Some are designed to get an emotional response. Some will allow you to get to know her and few will help you get sexual.

COMPLIMENTS YOU CAN USE ON A WOMAN:

These are the compliments that many of my clients and I use successfully and so can you:

1. I like your style. Can I tell you something very few women can pull the combination you are wearing! I like it!
